## GENERAL STEPS

Kindly go through the courses list under Courses Tab thoroughly before starting the registration. This is advisable as a timer is set to complete the registration process.

### 1. Set Credits:

Click on **SET CREDIT** Button to enter credit choices

In Step 1, specify the total number of credits that they wish to enroll for

In Step 2, specify the number of courses across which these credits will be taken

In Step 3, specify the credit combination for each of these courses to achieve the total credits

The image is a screenshot of the 'SET CREDIT CHOICE' form on the SWS website. It features a progress bar at the top with five steps: 1. Set Credits, 2. Select Courses, 3. Set Course Priority, 4. Pay Fees, and 5. Accept Courses. Step 1 is currently active. The form is divided into three main sections:   
1. **STEP 1 - ENTER CREDITS**: Contains a text input field for 'Enter number of Credits you wish to enroll for (max. 10, min. 2)'. The value '6' is entered and highlighted with a red box. Below it is a note: 'Your fee would be calculated based on credits you enter.'   
2. **STEP 2 - SELECT NO. OF COURSES**: Contains a text input field for 'Select number of Courses you wish to enroll (max. 3, min. 1)'. The value '2' is entered and highlighted with a red box.   
3. **STEP 3 - ENTER CREDIT COMBINATION**: Contains two text input fields for 'Credit choice for Course 1' and 'Credit choice for Course 2'. Both fields have the value '3' entered and are highlighted with red boxes. Below these fields is a note: 'Please go through the [student handbook](#) and [student undertaking](#) before proceeding to payment.'   
At the bottom of the form are two buttons: a yellow 'SAVE MY CREDITS' button and a grey 'NEXT SELECT COURSES' button.

Click on **“SAVE MY CREDITS”** to save the specified credit choices and then click on **“SELECT COURSES”**.

**Note:** After the above screen, a timer of 15 minutes starts and a student will have to complete the registration process within this timeline.

## 2. Select Courses:

Based on the credit combination specified, and the status of seat availability, a list of courses with confirmed seats available will be shown. Student must select ONE course from this list for each of the course-credit combinations specified in the previous step.

The registration process will be a timed one. A **15 minutes timer** starts ticking from the moment a course is selected after setting the course-credit combination. Students are required to complete their course selections to payment process within these 15 minutes. While the timer is running, the courses they selected continue to be available to them, and the seats are locked. However, if the timer runs out before the student completes the registration process, the locked seats are released back to the pool and are available to others.

In cases where students get signed out or face any disruptions, the timer continues to keep their choices under lock, and they will be able to complete their process after signing in again before the timer runs out. However, the time lost in the interim will remain lost.

In cases where students reset the Credit Selection or change the Credit selection before the payment of fee, all their choices and the timer will be reset. Students have to then go through the process of selection of courses afresh.

5. **Accept Waiting Courses:** When seats become available due to cancellation, the waitlisted candidates will receive an email. However the accept button will be activated on the dashboard of the candidate who has an earlier time stamp to the waitlist.

After the payment of fees or the registration is done, a student can accept or reject the waiting list course. The accept button will be active for a given duration which would cover ample daytime for the candidate to exercise the option.

For example – Candidate A cancelled the course at 12 am, so the email will go to B, C, D candidates who were in the waitlist for the course.

The accept button will be activated in the dashboard of Candidate B as that was the earliest time stamp.

The button will be active till 6 pm the next day to exercise the choice. Failing which it will get activated in Candidate C's dashboard as that was the earliest time stamp.

### CHANGE COURSE SELECTION RULES:

1. This option allows student to change the confirmed course even after successful payment. It's optional and applicable for students who do not want to do a confirmed course and would like to change it.
2. Students are allowed to change their course selections up to 2 times after the payment. As students change the course and select another course, older confirmed course(s) will be released for other students for selection, or confirmed to the students in the waitlist, as the case may be.
3. Course(s) will be changed only when there are available courses in the selection of courses page.
4. Changing Course Priority in the existing course selections will not be counted against the allowable number of course selection changes.

**Drop Course:** After the courses are published and allocation is done, a drop button would be available. The students can drop out of the course. In this case, the student will no longer be part of that course.
